50th Birthday celebrations of Swamini Brahmaprajnananda

By Swamini Brahmaprajnananda

Thank you for all your love, prayers and wishes on my 50th birthday. I was deeply touched by your 108 acts of seva and offerings. It is truly a blessing to have students and disciples like you.

A moment in timelessness

In the timeless existence that is oneself, comes along a moment.

The moment gets a name – birthday.

The moment has a form - date in the calendar.

Is the moment with this name and form more special than all the other moments in
timeless existence?

Seemingly so. More reality is given to this moment than other moments.
The form is celebrated. With prayers and wishes. With cakes, sweets, chocolates and
gifts.

The form invokes other forms - happiness and delight.

The form invokes love. The form invokes gratitude.

The form invokes the boundless that is oneself.

That form is This form too.

That moment is This moment too.

Every form IS. Every moment IS.

In the timeless existence that is oneself, comes along every moment

That points to You, timeless and boundless.
